MILE 2.2 KNIK ROAD • WASILLA, ALASKA**

RIDE WITH THE REDINGTONS AT IDITAROD HEADQUARTERS THIS SUMMER!

Our exciting trail winds and circles through stands of paper birch, spruce trees and wonderful Alaskan wildflowers. Let the Redingtons share with you their passion for sled dogs, mushing and the Iditarod Trail Sled Dog Race.

The Iditarod Trail, now a National Historic Trail, had its beginnings as a mail and supply route from the coastal towns of Seward and Knik to the interior mining camps. The Iditarod Sled Dog Race is a commemoration of those yesterdays, a not-so-distant past that Alaskans honor and are proud of. On the first Saturday in March, mushers line out their dog teams in downtown Anchorage for their turn to start the Last Great Race on Earth, the Iditarod.
